NCTS LLC Minimum Resale Price Policies Effective November 15th, 2008

NCTS LLC has established a policy regarding the minimum resale price (MRP) of its entire product line.

Unless otherwise agreed in writing, Jobbers, Retailers, Wholesale Distributors and Internet Retailers (hereby referred to as "Resellers") selling NCTS LLC products to the public must comply with NCTS LLC's Minimum Resale Price (MRP) policy. This policy applies to United States resellers only, and shall not apply to any resellers located outside the United States.

Questions & Communication Regarding NCTS LLC's MRP policy:

NCTS LLC's regional sales managers are the only persons authorized by NCTS LLC to communicate MRP policy updates, changes or decisions. No other NCTS LLC representative is authorized to confirm compliance with this policy, discuss it, or amend it.

The reseller is responsible for its compliance, and the compliance of its customers, with this policy. All questions should be in writing and submitted to your NCTS LLC regional sales manager. NCTS LLC will not respond to any questions or comments for one business partner about the activities of any other business partner.

All types of advertising and all sales transactions are covered by the policy. If an advertisement is placed or other pricing action is taken which does not comply with the MRP policy, NCTS LLC reserves the right to take any steps which it deems appropriate in its discretion with regard to the reseller undertaking the advertising or pricing action or its suppliers.

MRP policy applies to all forms of pricing and all forms of advertising whether in print or otherwise including, but not limited to:

List prices

Transaction prices

Print ads (inserts, magazines, catalogs, newspaper, etc.)

Broadcast (radio and TV)

Direct mailers, including email

Faxes

Internet (banner ads, broadcast emails, destination pages, third party sites) sponsored, placed or funded by the solution partner.

Billboards

Forum sites, blogging sites, or search engine listings showing prices.

A reseller's website or web banners.

Listings on shopper sites that accumulate and display pricing from unrelated websites.

Any auction sites including, but not limited to EBAY.

MRP RULES

NCTS LLC reserves the right to add or remove products covered by this MRP policy at its sole discretion without notice.

The NCTS LLC MRP price is listed on NCTS LLC's current effective Jobber Price sheet.

An ad may not offer a NCTS LLC product subject to MRP at price less than MRP.
A reseller may not sell or offer to sell a NCTS LLC product subject to MRP at less than MRP.

By way of example, the following advertising is compliant with this MRP policy:

Advertising without any reference to price
Advertising that states "Call For Price" , "Price Too Low to Print"
Advertising that offers free installation with purchase; free delivery with purchase; free training with purchase; free service with purchase unless the ad specifies a dollar value for these activities which nets a price that is below NCTS LLC's MRP.

The following shall be examples of non-compliance with MRP

Any strike through or modification of NCTS LLC's MRP price in advertising.
Any PUBLIC instant rebates or coupons listed on an advertising page that shall bring the price of the product below MRP.
Any advertised listing or other price list that specifically states a price below MRP.
Any ADVERTISING or any listings of "in cart" pricing on third party websites or search engines stating a specific price below MRP.

Rebates

A "rebate" is defined as a rebate paid directly by NCTS LLC to an end user regardless of where the product is purchased. Ads may advertise any NCTS LLC-sponsored promotion, and may show the after-promotion price for NCTS LLC-sponsored promotions "Instant Rebates" or any other form rebating other than NCTS LLC sponsored rebates/coupons that are advertised on the internet or otherwise will be considered a violation of this MRP policy.

Bundled promotions do not violate the policy so long as the following criteria are met:

If a price for the NCTS LLC product is noted in the ad, or otherwise used, the NCTS LLC MRP must be used.
If multiple NCTS LLC products are noted in the ad, or otherwise used, the bundled price must be at least the sum of the individual MRP prices for the NCTS LLC products.
If NCTS LLC products are bundled with 3rd party products, the bundled price must at least exceed the sum of the individual MRP prices for the NCTS LLC products.
If an advertisement offers a 'gift' with the purchase of a NCTS LLC product, the value of the gift may not result in a net price that is below MRP.
Gift Cards (or the like) must be redeemable towards future purchase. They cannot be used towards the current purchase if subtracting the gift card value from the NCTS LLC products' price would result in a price below MRP.
